ABOUT US

Web trade, also known as *online trading*, refers to buying and selling financial assets through internet-based platforms. Instead of visiting physical offices or brokers, traders can invest directly from their computer or smartphone with just a few clicks.

- ✓ Cryptocurrencies (Bitcoin, Ethereum, etc.)
- ✓ Forex (Foreign Exchange)
- ✓ Stocks & Indices
- ✓ Commodities (Gold, Oil, Silver)
- ✓ Digital assets & CFDs

Mission

Our mission is to empower individuals with simple, secure, and transparent online trading solutions. We aim to provide powerful tools, real-time insights, and a user-friendly platform that helps traders of all levels make informed financial decisions and achieve consistent growth in global markets.

Vision

Our vision is to become a leading web-based trading ecosystem where technology, trust, and innovation come together. We strive to build a future where every trader can access global opportunities instantly, trade with confidence, and experience financial freedom through smart digital trading.

How Does the Stock Market Work?

The **stock market** is a place where **buyers and sellers trade shares (ownership)** of companies. It works just like any marketplace—but instead of buying goods, people buy **pieces of companies**.

A **stock** (or share) represents a **small part of a company**. When you buy a share, you become a **shareholder**, meaning you own a tiny piece of that business.
